

ISAAC NJENGA

FULL-STACK SOFTWARE DEVELOPER

PROFILE

ISAAC N. NJENGA
DOB: 10/12/2001
ADDRESS: 513-00600 Nairobi, Kenya

I am an aspiring full-stack software developer with a strong foundation in Applied Computer Technology, equipped with skills in data analysis and market research. Proficient in leveraging software tools to extract insights that drive operational efficiency, alongside a solid understanding of teamwork and project management. I am eager to apply innovative problem-solving abilities in a Software Developer role, contributing to the development of cutting-edge solutions. Committed to continuous learning and adapting to the evolving tech landscape, ready to make a significant impact in a collaborative environment.

EDUCATION

United States International University – Africa (USIU-A)

Jan 2021 – Sep 2025

Bachelor of Science in Applied Computing Technology (APT)

Completed a Bachelor's degree in Applied Computing Technology, specializing in programming concepts and software development, with a minor in Software Engineering in the final year. This program equipped me with a strong foundation in coding languages, software design principles, and project management, enabling me to effectively develop and implement innovative software solutions.

WORK EXPERIENCE

OPTEAMIO – Software Intern

Jan 2025 – March 2025

- Assisted in the development and maintenance of web applications, contributing to both front-end and back-end functionalities to enhance user experience and application performance.
- Collaborated with team members to gather requirements, troubleshoot issues, and implement solutions, ensuring alignment with project goals and timelines.
- Conducted software testing and debugging to identify and resolve technical issues.
- Participated in code reviews and contributed to documentation.

SKILLS

Front-End Development

- HTML/CSS
- JavaScript
- Frameworks/Libraries – ReactJs, Ant Design
- Responsive Design - Bootstrap
- Version Control

Back-End Development

- Server-Side Languages – Node.js, ExpressJs
- Database Management – MySQL & MongoDB
- API Development
- Authentication & Authorization

DevOps & Deployment

- Web Hosting & Deployment – Cloud Services, Vercel
- Continuous Integration/ Continuous Deployment
